## INDIA LUCES DE DIWALI

### NEW YEAR'S EVE PARTY

*Diwali rings in the New Year in India and is a symbol of new beginnings.*

*It celebrates the return of Lord Rama and his wife Sita to their kingdom in northern India after having defeated king Ravana, and honours the victory of good over evil. According to legend, the inhabitants of the kingdom put up lamps along walls and rooftops for Rama to find his way back home easily.*

*The symbolism of the festival tells about the need of human beings to advance towards the light of truth in order to ensure the victory of virtue.*

*Diwali is also a tribute to Lakshmi, the goddess of prosperity.  
Candles are also lit to guide her into our homes for good luck and fortune.*

*Another Diwali ritual is to send lanterns adrift on sacred rivers; the farther away they go,  
the greater the happiness in the coming year.*
