Christmas RETURNS to Asia Gardens with a luxury celebration. This year, travel to Japan from the comfort of Asia Gardens Hotel & Thai Spa. Palaces, temples and shrines rich with history and legends are the inspiration for this season.

This Holiday Season 2020-2021 come and enjoy a unique setting: an imperial palace with breathtaking views of Asian-inspired gardens, where Japan is the main protagonist with majestic, well-arranged, and elegant green spaces and outdoor heated pools. Enjoy the Zen, Faces of Angkor, Lombok, and Thai Spa pools as if they were onsens under the Takayama sky.

Christmas will unfold in a magical atmosphere, where the aesthetics and philosophy cultivated from time immemorial come together to create a refined environment of contained beauty, with kimonos and the elegant, exclusive Japanese etiquette.

With Asia Gardens Hotel & Thai Spa, you will travel to the empire of the rising sun, one of the most impressive and desired destinations. Travelling with the senses to Japan is travelling to another world, where you will instinctively enter a ZEN mode.
